

Welcome to MICROSCHIHUAS kennel!

Dogs have been with me since my early childhood, but it was love of first sight when I saw a Chihuahua. I bought my first Chihuahua at the age of 11 and there it began:

by a stroke of faith Bili Star (Del Pasador-Italy & Hanen-England bloodline) was an excellent show dog who had me involved in cynology straight away.

The affix "**MICROSCHIHUAS**" was established by me in FCI and the Serbian Kennel Club in 1997.

My breeding is based on the motto: quality, not quantity. I aim for healthy, temperamental show dogs. I am proud to have World, Junior World, European and Junior European Winners. But I am even more proud to say that they are strong, happy and good

natured animals.

Before I became a judge, I was ring stuart, show manager, I helped in organisation of some shows and of course, a breeder and exhibitor.

In 1997 I finally started as a national judge for FCI IX. From this time I finished some other groups and now I am international judge for I, II, III, IV, V, VI, VIII, IX and X FCI group, also a Junior Handling and BIS judge.

Till now I judged in about 40 countries all around the world, and did also some big and important shows as World dog show and European dog shows.

It is not my job it is my passion.

I am also president of the "Toy Dog Club" in Belgrade.

It is my pleasure to be your host.

Hope you enjoy your stay,
Dusan Paunovic
